

### THE ABACORP DIFFERENCE

Our goal at ABACORP is to create solid partnerships with great loyalty and commitment to our clients.

We take great pride in producing the highest level of customer service and support for high quality and great value parts. Our mission is to help you succeed.

The parts we produce are excellent U.S. made products at the best possible price with high-quality standards. Our goal is to make the parts better than you thought they could be.

### THE ABACORP MISSION

- To create lifelong partnerships with our clients, vendors, and team ensuring the highest level of quality manufacturing.
- To develop the most efficient procedures and utilize technology in our manufacturing process to keep costs low and quality high.
- To execute an exceptional level of practices and ethical standards throughout our business to establish a healthy environment for our team.
- To compete with international manufacturing markets and to keep high quality American-made parts in the U.S.
- To increase local job opportunities and build and support our community.

#### INDUSTRIES WE SERVE

**AEROSPACE** - As an AS9100 certified, small, woman-owned business, we take great pride in serving our aerospace customers. We perform work for some of the top names in the aerospace industry, with all aerospace and commercial grade metal (including aluminum, stainless, steel, brass, titanium), as well as all plastics.

**AUTOMOTIVE/MOTORCYCLE** - We have a passion for these two industries. We partner with several exceptional manufacturers of the aftermarket in both industries.

We believe part of a good partnership is to do what we can to make your parts exceptional so your business is better. We are always looking for cost savings strategies, not compromising look and function.

#### OTHER INDUSTRIES WE SERVE
